

We understand the complexities in today's healthcare landscape. With shifting demands from regulatory bodies, lagging reimbursements, higher administrative responsibilities, consolidation threats and opportunities, allied health organizations are being asked to meet changing technological advancements and consumer demands, while running a successful healthcare organization that requires a nimble and effective team. Our insurance specialists are ready to assist your team in managing the risks, liabilities and exposures unique to your operation and provide valuable insurance, employee benefit programs and strategic solutions to accomplish your organizational goals.

OUR EXPERIENCE

The Healthcare Specialty Division at PayneWest is a team of experienced and knowledgeable professionals across our four-state footprint. Our allied health clients include a variety of organizations that support the delivery of health care in the communities we serve, including imaging and diagnostic facilities, dialysis centers and rehabilitation and substance abuse treatment centers.

Our insurance specialists can help allied health organizations:

- **Create preventive measures by reviewing key environmental, facility and clinical considerations**
- **Isolate gaps and deficiencies in your existing programs**
- **Analyze loss histories and prepare mitigation plans and loss control measures**
- **Ensure fair and prompt claims resolution**
- **Review risk transfer solutions such as captives, risk retention groups and risk purchasing groups**
- **Evaluate your employee benefits and offer innovative health plan solutions**

We are healthcare-focused professionals delivering insurance, benefit plan and risk management solutions.

Riscover[®]

- ▶ **Our exclusive Riscover[®] risk assessment process works with organizations to determine the greatest concerns of a business.**
- ▶ **According to FEMA, 40% of businesses in America fail after experiencing a disaster, and an additional 25% fold within a year.**
- ▶ **We work to determine your overall business risk and create a plan to keep you operating for years to come, despite any disasters experienced along the way.**

OUR GUIDANCE

Our goal is to add value to your practice and bring greater peace of mind and protection for you and your colleagues.

Our team of insurance professionals will match the appropriate coverage for your risks and exposures. Some of the common risks we review include:

- **Patient and worker slips, trips and falls**
- **Infection control practices**
- **Patient transport and lifting**
- **Disaster and emergency response**
- **Workplace violence**
- **Breaches of private health information (PHI) and other data**
- **Malware attacks and unauthorized access**
- **Regulatory compliance**
- **Employment practices**

CUSTOM SOLUTIONS

PayneWest offers comprehensive specialty coverages, analysis and solutions including:

- **Medical Professional (Malpractice) Liability**
- **General Liability**
- **Directors and Officers Liability**
- **Healthcare Facility Property Insurance**
- **Workers' Compensation Insurance**
- **Employment Practices Liability**
- **Cyber Liability and HIPAA Privacy**
- **Automobile Liability**
- **Medical Billing & Governmental Regulatory Claims Coverage**
- **Errors & Omissions Coverage**

OUR TEAM

With experience handling all types of healthcare claims and benefit plan arrangements, our team of professionals work together so you receive the benefit of our collective expertise. Together, we advise healthcare clients on how best to navigate the changes in health care through risk minimization and proper planning. As healthcare specialty director, Leif leads our team to bring industry-focused advice. Prior to joining PayneWest Insurance, Leif spent more than eight years as an executive director for Virginia Mason Memorial, a large community hospital with dozens of primary and specialty care clinics. Prior to working with Virginia Mason Memorial, Leif worked at Moss Adams as marketing director for their firm-wide Healthcare Industry Group.

Our healthcare specialty professionals work with clients to manage risks, leading to improved efficiency, better patient outcomes and greater sustainability.
